ABOUT TANRAN REIKI II & EQUINE REIKI II PRACTITIONER

Tanran & Equine Reiki Level II is your Practitioner Training. You feel the call to be a Healer and certainly want to live life more fulfilled and aligned with your heart's desire. You feel a wish to help people and animals heal and make life better for them.

Doing this Level doesn't mean you have to become a Practitioner but you are fully trained for that. Yet attending this Level can just be because you want to take healing to the next level for yourself, learn more and receive a much deeper understanding of the Reiki energy – or simply because you know it is so incredibly powerful to be immersed in the energy for several days in a row.

This three-day course offers you the opportunity to go much deeper into the energy and learn more advanced techniques. You learn how to do remote healings, an important and exciting part of your professional practice, create and work in sacred space, how to read and shift energy and how to be with your Reiki guidance. It's about you becoming so familiar with the Reiki energy that it is second nature to you.

You receive your Level II attunement which supports an expanded opening of your energy channels. Additionally you receive the other Reiki and Tanran Reiki symbols and learn how to work with them. The Reiki symbols connect you more deeply to the universal energy, and you begin to draw on and invoke the qualities that the symbols represent. Again, this includes the ability to provide remote Reiki, or sending healing energy to individuals or animals no matter where they may be.

The Practitioner course offers you the opportunity to:

- Deepen your Reiki work, especially as it relates to horses
- Explore and help others with remote healing
- Learn and practice advanced Reiki techniques
- Receive Reiki sessions from horses
- Expand your intuitive awareness and animal communication skills
- Create and work in sacred space
- Deepen your spiritual development and live more aligned to the Reiki Precepts
- Develop a professional Human and Equine Reiki business

If you have reached that place where you know you want to open to the spiritual connection and wisdom of horse, deepen your Reiki work and possibly want to offer it professionally as a stand alone or complementary to any existing healing modality, then the Reiki II Training is the next step along your journey.

COURSE OVERVIEW

Tanran Reiki II & Equine Reiki II Practitioner Training

Approx. Times: 9am – 6pm each day. Short breaks are provided throughout the day, as well as a break for lunch.

You will learn the symbols and mantras which help to focus and increase the flow of Reiki energy through you.
